SUMMARY

I'm a highly motivated individual with experience in developing and implementing software solutions. Proven expertise in developing testing and debugging high-performing software solutions with a keen eye for detail. I'm also skilled in object-oriented programming web development and database technologies. Excellent problem-solving and communication skills. I also demonstrate a passion for learning and implementing new technologies.

EXPERIENCE

BackEnd Developer

April 2025 – Till Date

Nupat Technologies

<https://nupat.africa/>

- **Spearheaded Full Software Development:** Built a comprehensive Service providing app using ASP.NET Web Api resulting in a highly efficient system that streamlined operations and increased data accuracy.
- **High-Quality Code Delivery:** Demonstrated expertise in C# and .NET, delivering robust software that consistently met client requirements and deadlines, improving overall project efficiency.
- **Ensured Reliability and Performance:** Conducted thorough testing and debugging processes, achieving a reduction in post-launch issues and enhancing the reliability of software solutions.

Software Developer

June 2023 – April 2025

Sybeams, Nigeria

<https://sysbeams.com/>

- Collaborating closely with our design team, we brought some exciting concepts to life – think comprehensive wireframes and designs for white-label products and in-house tools. For instance, we developed a top-notch card Management System,
- Kept up-to-date with the latest software developing technologies, frameworks, and best practices, applying this knowledge to make informed decisions

- **Delivered Innovative Solutions:** Led the development of cutting-edge hospitality software, including home care, home health, and hospice solutions, resulting in a 40% increase in client adoption rates.
- **High-Quality Code Delivery:** Demonstrated expertise in C# and .NET, delivering robust software that consistently met client requirements and deadlines, improving overall project efficiency by 30%.
- **Tailored Industry Solutions:** Collaborated with cross-functional teams to design and implement customized software applications, leading to a 25% increase in client satisfaction within the hospitality sector.

Skills

- Programming
- Product development
- Testing and debugging
- Critical Thinking
- Web Application
- Technical support
- Architectural development
- Code versioning
- Api design knowledge
- Deployment

Technical Profile

Debugging, testing and maintenance
 Entity Framework Core
 C# .NET
 .NET Core
 SQL and SQL Server
 Javascript
 HTML and CSS
 .NET Core MVC

Tools

Visual Studio
 Visual Studio Code
 Git
 My SQL
 Azure

CERTIFICATION

- STUDY SECTION CERTIFICATION ON C# .NET AND ASP.NET CORE
- CODE LEARNERS HUB : FULLSTACK ENGINEERING
